JAVIER PIMENTEL MÚGICA

SUMMARY

Passionate about testing in its broadest meaning.

I enjoy participating in the complete life cycle of a project being in contact with all roles involved. Analysis of possible risks, creation and implementation of testing strategies, new frameworks, design and execution of automated and manual tests.

EXPERIENCE

Affirm (Returnly) – QA Automation Engineer | SDET

APR. 2021–Present

- Quality advocate across all teams implementing testing processes and strategies.
- Designing and building internal libraries to help developers create their own tests easier and faster.
- Contributing to the review of unit and integration tests together with the developers.

Packlink – QA Automation Engineer | SDET

ENE 2018–2021

- Team player. Involved in the lifecycle of the projects and interacting with all roles. Helping the team with the task definition and quality assurance by automating functional and non-functional, performance and API tests. I always try to make quality a shared responsibility.

Packlink – Technical Support

ENE 2017–2018

- Advanced technical support by filtering and fixing issues for the IT department.

Packlink – Customer Care Specialist

MAY. 2014–2017

SKILLS

- Testing strategies with Agile teams.
- Atlassian stack.
- Selenium WebDriver and Mocha
- BDD and TDD approaches for functional and non-functional tests.
- Experience with languages such as JavaScript, TypeScript, Java, Python...
- Familiar with frameworks such as WebDriverIO, Cypress, NightwatchJS...
- Knowledge of continuous integration and continuous delivery (CircleCI, Buildkite, Jenkins...)

EDUCATION

ISTQB Foundations Level – *Madrid*

2021

Test Automation University (TAU) – *Online*

JS Path (JavaScript, TypeScript, Cypress, CodeceptJS, NightWatch)

2020

Social Sciences – *IES María Guerrero (Madrid)*

PROJECTS OF INTEREST

One of the proud creators of a website that, during the pandemic, relieved hospitals in Spain by providing basic online consultations with volunteer doctors and psychologists.

LANGUAGES

Native Spanish and advanced level of English.
